Reasons for Allowance

1. Claims 20-31 are allowed. Which will be renumbered as 1-12.
2. The following is an examiner's statement of reasons for allowance: as applicants properly point out, starting on page 17 of the remarks, that the prior art of record (Stone, et al and Kuwano) do not teach or fairly suggest, among other things, scanning the character image along a plurality of parallel scan lines oriented at each scan angle of the predetermined set of scan angles, wherein each scan line of a selected set of scan lines oriented in accordance with each scan angle passes through each of (a) a character pixel-run including at least one character pixel and (b) at least one background pixel. It is for this reason and in combination with all of the other elements of the claims that claims 20-31 are allowable over Stone, et al and Kuwano.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
